

## Little Lake and Lift Lock Boat Tour

Be entertained by the Captain's colourful commentary on the history of Peterborough and the Trent Severn Waterway.

The tour takes us across Little Lake, past the Peterborough Centennial Fountain and into the City of Peterborough portion of the 118-year-old lock system: the first traditional flood lock raises us 12 feet (3.6m); but the highlight of our trip is going up and over the Peterborough Lift Lock, the world's highest hydraulic lift lock, raising us 65 feet (20m) above the City.

After the cruise, join us for lunch at Jack's Family Restaurant just across the street.
